

# Haley Trumbo

Full-Stack Web Developer inspired by accessible and human-centered applications. Thrives in a communicative team setting, and powered by individual motivation and a love for problem solving. I'm passionate about building and designing engaging, useful, and unique user-interfaces while collaborating with a team of professionals

## TECHNICAL SKILLS

**Backend:** GIT, GIT Bash, GitHub, MySQL, SQL, PWA, Command Line, REST, APIs, Heroku, Apollo, GraphQL, JWT, and MongoDB

**Languages:** Node.js, Express, JavaScript, JQuery, React.js, HTML5, CSS3, CSS, Bootstrap

## PROJECTS

**AloHa | Full-Stack Developer** | URL: <https://aloha.herokuapp.com/> | Repo: <https://github.com/Trane7/ctvradio>

- This project is a fully functional React social media application built to help users connect with their community and support local houseless folks
- MongoDB, Mongoose, Expressjs, Nodejs, React

**Tap into Source | Full-Stack Developer** |

Repo: [https://github.com/haleymay21/Tap\\_Into\\_Source](https://github.com/haleymay21/Tap_Into_Source)

- Tap into Source is an application that lets users save, share, rate and search for their favorite natural bodies of water.
- Deployed to Heroku, this app utilizes Node.js, sequelize and Express.js to create a RESTful API, and Handlebars.js, JQuery, Bootstrap and JavaScript for our front end.

**Doges & Dad Jokes | Full-Stack Developer**

Repo: <https://github.com/haleymay21/Doges-and-Dad-jokes>

- Doges & Dad Jokes is a simple application that allows the user to click on buttons that generate a random silly joke and a corresponding punchline, while displaying a randomly generated picture of a cute Shiba Inu dog in-tandem
- This application uses two public API's, dynamically updated HTML, JavaScript, CSS and Bulma to create a sleek appearance and interface

## EXPERIENCE

### **Podmore, Honolulu, HI — *Lead Server***

Oct 2021 - Present

**Lead Server** - Worked as MOD while serving a table section. Stayed on top of restaurant operations, managed inventory and daily restaurant prep, wrote daily shift summaries for GM, managed end of shift master checkouts. Expected to provide the highest level of customer service to guarantee exceptional guest satisfaction while supporting the rest of staff, ensuring they do the same. Joined and spoke in ongoing cocktail and spirit education.

### **Primavera Ristorante, San Ramon, CA — *Server, Assistant Manager, Event Planner***

Aug 2014 - Aug 2020

**Server** - Thrived in a team setting within a high volume, fine dining restaurant. Served sections between 8-12 tables and banquet parties up to 50 guests. Expected to have knowledge of wine pairings, and extensive knowledge of all food and drink menu items.

**Assistant Manager** - Managed daily operations and guest complaints to ensure guest satisfaction. Managed restaurant workload and worked as a communicative and energetic support to staff.

**Event Planner** - Booked banquet parties for up to 100 people. Worked with party hosts to provide for their party's specifications, expected to respond to inquiries and party hosts in a timely manner to ensure quality planning.
